- **ESCUGM10 Opening**

Wolfgang Rosenstiel, ESCUG & University of Tübingen

- **18:00 Open SystemC Initiative**

- **SystemC News and Business Update**

Stuart Swan, OSCI Language Working Group, Cadence Inc., USA

- **The New TLM Standard**

Stuart Swan, OSCI Language Working Group, Cadence Inc., USA

- **Preparing the SystemC LRM For Standardisation**

John Aynsley, Doulos Ltd., U.K.

Agenda (cont´)

■ 19:00 SystemC User Forum

- Prototyping a Formal Verification Platform for SoC
Primrose Mbanefo, Infineon AG, Germany
- The Architects View Framework: A Modeling Environment
For Architectural Exploration and HW/SW Partitioning
Tim Kogel, CoWare Inc., Belgium
- System-Level Modeling of a
High Performance System Area Network Chip
David Slognat, University of Mannheim, Germany
- XML For Parameterization of SystemC Models
Andreas Doering, IBM, Switzerland

■ 20:20 Break

Agenda (cont´)

- **20:40 SystemC Supplier Forum**
 - Development of the Embedded Software (including Operating System) for SoCs in SystemC 2.0
Ilia Oussorov, Oustech, Germany
 - Fast Cycle-Accurate SystemC SoC Simulations
Cor Schepens, Adveda, The Netherlands
 - Using SystemC Synthesis in Modeling and Verification
Chris Sullivan, Celoxica Ltd., U.K.
- **22:00 ESCUGM10 Closing**
Wolfgang Rosenstiel, ESCUG & University of Tübingen
